Superb new design masters historic
World War II high pressure ammo!

AUTOMAG III

FIRST SUCCESSFUL PRODUCTION AUTO PISTOL IN CALIBER .30 M1
CARBINE NOW ADAPTS TO WINCHESTER'S 9MM MAGNUM CARTRIDGE

Magnum velocity, light recoil

AUTOMAG III is a hefty successor to the innovative .22 magnum AUTOMAG II series. Distinctively styled in stainless steel, AUTOMAG III is the first successful auto pistol to pack exciting M1 .30 Carbine caliber power. The 9MM Winchester Magnum version provides an appealing option.

New in 1990!

IAI is developing a new, beefed up version of Autmag III chambered for caliber .45 Winchester Magnum. The new auto pistol should be available early in 1990.

.45 Winchester Magnum AUTOMAG IV

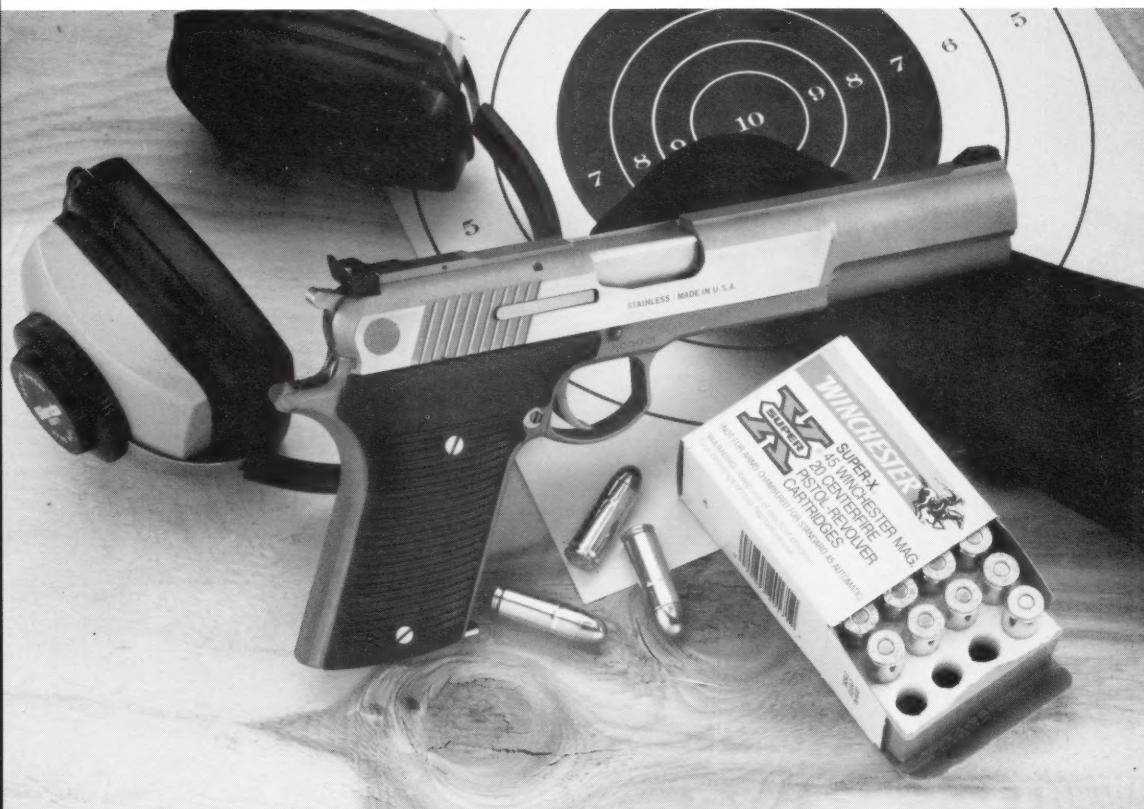

Latest in AUTOMAG series is modern counterpart of historical .45 Long Colt "Wild West" frontier tamer

After 20 years on the cutting edge of magnum power auto pistol innovation, development and production, IAI now proclaims a striking stainless steel masterwork, AUTOMAG IV, .45 Winchester Magnum.

This modern successor to the historically famous .45 Long Colt, "The Gun That Won the West," outperforms .44 magnum products in all respects. A dependable hunting or competition firearm, AUTOMAG IV's pleasing heft and sleek styling define its power and performance capabilities. The pistol clearly breaks new shooting ground and, thereby, extends the acclaimed AUTOMAG series of innovative, unique semi-automatic magnum power handguns.

.44 Magnum takes a back seat to outstanding AUTOMAG IV, .45 Winchester Magnum performance!

AUTOMAG IV DELIVERS TERRIFIC GAME STOPPING POWER!

- CALIBER .45 WINCHESTER MAGNUM
- BARREL LENGTH 6½"
- OVERALL LENGTH 10½"
- WIDTH 1¼"
- RIFLING LEAD LEFT TWIST (1-12) GROOVES 6
- WEIGHT 46 OUNCES
- MAGAZINE CAPACITY 7
- CARBON FIBER GRIPS
- MILLETT ADJUSTABLE SIGHTS

1911 GOVERNMENT MODEL and Hardballer variation

The Hardballer, above, a variation of the Government Model, features adjustable Millett sights and Matte rib.

This venerable automatic weapon, glorified in United States' military history, remains the singular, ubiquitous pistol among shooters and gun owners. Designed for combat and security, its modifications provide a superior, high performance pistol for sport and competition.

AMT offers 2 versions of this fine weapon. The Standard .45 ACP Government Model shown at the top is manufactured with regular fixed sights and rounded slide top.

Features common to both models: Long grip safety, Rubber wrap-around Neoprene grips, beveled magazine well and wide adjustable trigger.

1911 Government Model and Hardballer

- **CALIBER .45 ACP GOVERNMENT SEMI-AUTOMATIC**
- **BARREL LENGTH 5", OVERALL LENGTH 8½"; WIDTH 1¼"; WEIGHT 38 OUNCES**
- **RIFLING LEAD LEFT TWIST (1-12)
BARREL GROOVES 6**
- **MAGAZINE CAPACITY 7**
- **1911 GOVERNMENT MODEL: FIXED SIGHTS
HARDBALLER: MILLET ADJUSTABLE SIGHTS**

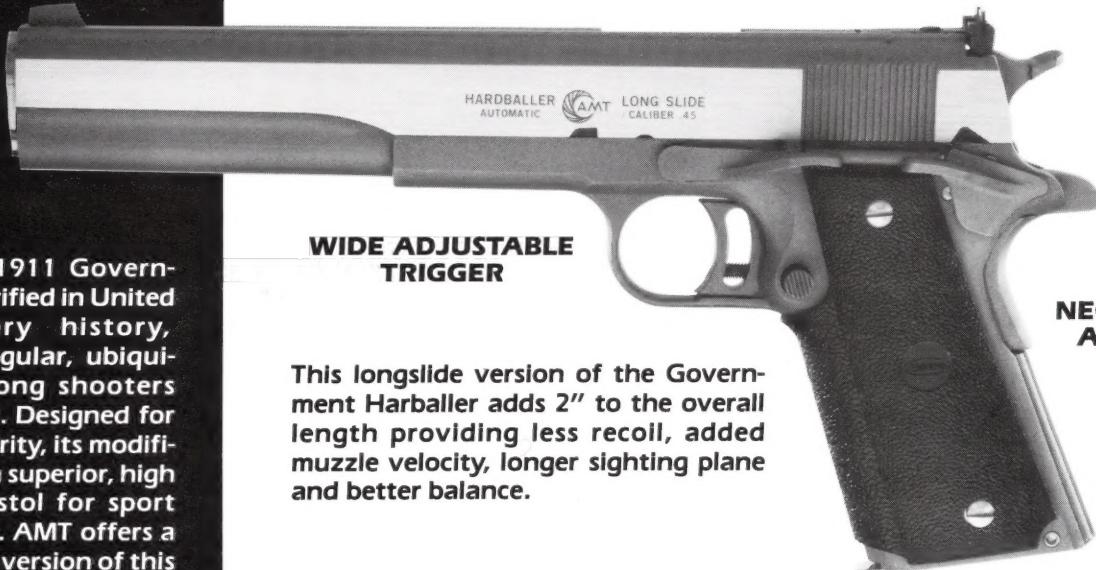

6226 Santos Diaz Street, Dept. B, Irwindale, California 91702

.45 ACP LONGSLIDE

Extended slide version of 1911 Government Model Hardballer

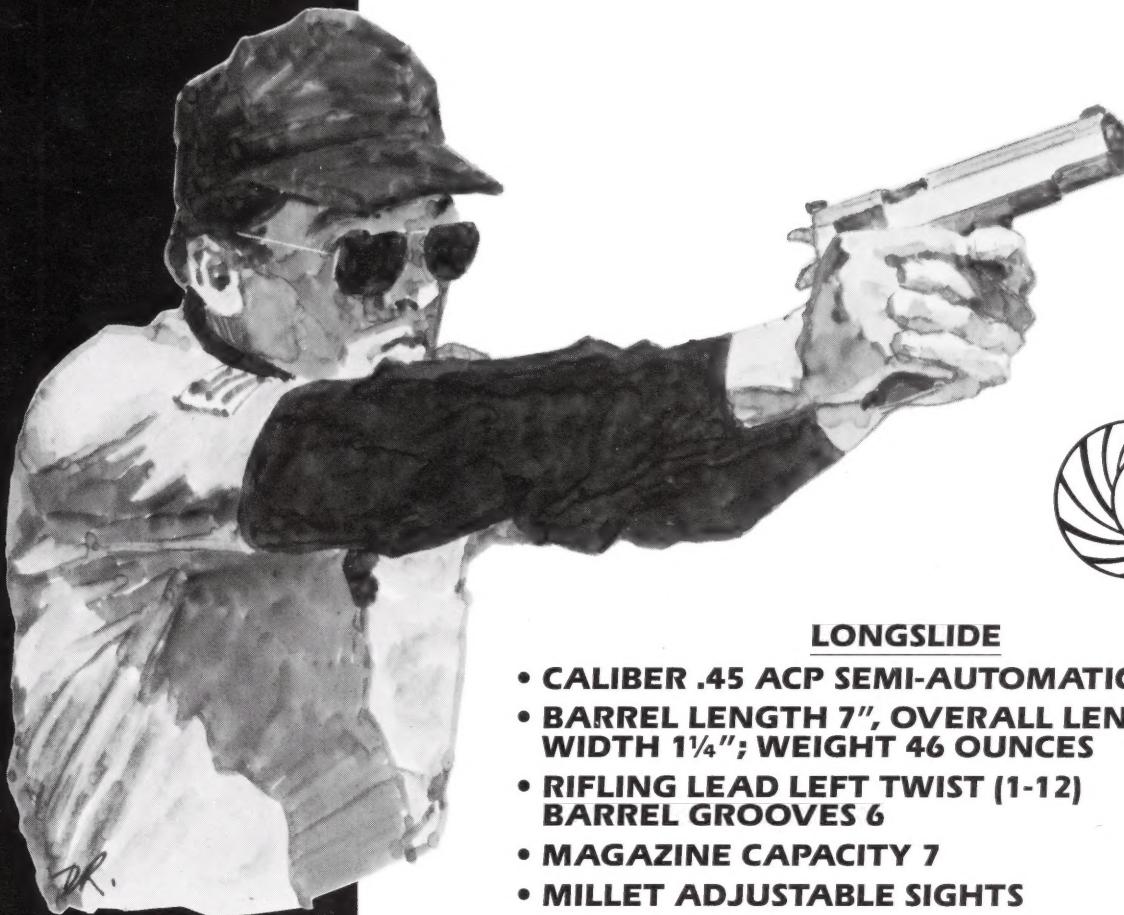

WIDE ADJUSTABLE TRIGGER

This longslide version of the Government Harballer adds 2" to the overall length providing less recoil, added muzzle velocity, longer sighting plane and better balance.

NEOPRENE WRAP-AROUND GRIPS

**IAI**

10mm LONGSLIDE

Superior handgun for hunting and shooting competition

HUNTING MODEL

javelina

**Magnum power in longslide version
of classic Government Model**

Recent shooter enthusiasm for the neglected 10mm cartridge has spurred IAI to adapt its popular longslide version of the venerable 1911 Government Model to this hot, lately resurrected caliber. The high pressure 10mm cartridge plus the auto pistol's highly accurate extended barrel make the JAVELINA an exceptionally high performance handgun for hunting and shooting competition.

- LONG GRIP SAFETY • WRAP AROUND NEOPRENE GRIPS
- BEVELED MAGAZINE WELL • WIDE ADJUSTABLE TRIGGER
- AIRCRAFT QUALITY STAINLESS STEEL
- MAGAZINE CAPACITY 8

javelina

10mm (5" Barrel)

Either 7" longslide or 5" standard matte ribbed barrel with 170 grain bullet delivers 731 ft. lbs. muzzle energy and 1400 ft./sec. muzzle velocity. Millett adjustable sights on both models. The longslide's longer sighting plane and better balance improves accuracy.

- CALIBER 10MM SEMI-AUTOMATIC
- BARREL LENGTH 7", OVERALL 10½" WIDTH 1¼"; WEIGHT 48 OUNCES
- BARREL LENGTH 5", OVERALL 8½" WIDTH 1¼"; WEIGHT 38 OUNCES
- RIFLING LEAD LEFT TWIST (1-16) BARREL GROOVES 6
- MAGAZINE CAPACITY 8
- MILLETT ADJUSTABLE SIGHTS

LIGHTNING

The Versatile .22LR Rifle . . .
COMPACT, RUGGED, ACCURATE!

Tapered barrel, stock extended, fixed rear sight

Bull barrel, stock folded, adjustable rear sight

STAINLESS STEEL

The rifle is stainless steel constructed with tapered or bull barrel, diamond finished and Pope crowned, grooved for scope mount. Fixed sights are standard (adjustable Millett sight may be ordered at extra cost.) Recoil pad provides extra shooting comfort.

IAI/AMT

SMALL GAME HUNTING RIFLE

- CALIBER .22 LR
SEMI-AUTOMATIC
- BARREL LENGTH 22"
- OVERALL LENGTH 40½"
- WEIGHT 6 LBS.
- RIFLING LEAD:
RIGHT HAND TWIST (1-14)
BARREL GROOVES 6
- MAGAZINE CAPACITY 10
- SCOPE SIGHT

FOR THE DEMANDING MARKSMAN **SMALL-GAME HUNTING RIFLE**

Stock/scope combination eliminates open-sight triple focus delay. Hunting stock cheek-piece assures precise, comfortable support for instant eye-scope-target alignment.

STURDY SYNTHETIC STOCK IS
IMPERVIOUS TO HUMIDITY
AND TEMPERATURE CHANGE

INCLUDES 4X SCOPE

Classic hunting stock combines with quality elements of IAI/AMT's original survival model to produce this excellent stainless steel small game hunting rifle. High quality 4 power one inch scope is included.

The stock is black matte fiberglass filled nylon, checkered at forearm and grip. It is fitted with Uncle Mike's swivel studs for strap attachment. Removable recoil pad provides storage for ammo, cleaning rod and survival knife. A 10 round magazine is standard for this rifle. Larger capacity magazines will fit.

IAI/AMT

Designed as a reliable, accurate survival rifle, the unique features of IAI/AMT's original model (top left) include folding stock for extra compactness and the efficiency of a 10 round magazine. Checkered handle and forearm are black matte fiberglass filled nylon.

FOLDING STOCK RIFLE

ASI

introducing **AUTOSCALE™** ...The amazing optoelectronic gun powder scale by ASI

GOODBYE, DRUDGERY!

ASI is proud to present the world's fastest, most accurate, gun powder measuring device . . . the exciting, all solid state electronics, AUTOSCALE™.

This remarkable, simple and trouble free scale, in production after three years of research, represents a major breakthrough in handloading technique. It features dramatic improvements over the old-fashioned measuring method which requires 3 separate units: a hand powder measurer, a mechanical balance scale, and a fine powder trickler. The cost of the AUTOSCALE™ is little more than the combined cost of these three units.

The AUTOSCALE™ is so unique that its design has produced 19 separate patent claims. The heart of the AUTOSCALE™ is the all solid state electronic light emitting diode and the photo transistor sensors. These optoelectronics sense the position of the balance arm to a fraction of a millimeter . . . far closer than is possible by the human eye. Since the AUTOSCALE™ uses photons of light to sense the position of the balance arm, there is no friction to cause weighing errors. The unique pivots support the balance arm at points rather than on lines as in mechanical scales. Powder is dispensed through two barrels. The high speed barrel controls rapid feeding up to 10 grains per second. The final, precise load is controlled by the slow barrel with an accuracy better than $\pm 1/20$ grain. The result of this design is the world's fastest and most accurate gun powder dispenser.

NOTE:
DESIGNED FOR
LARGE GRAINED
RIFLE POWDER
ONLY.

The all solid state electronics is extremely durable, and the impact-resistant case is almost indestructible. The AUTOSCALE™ comes ready to use with complete simple instructions. All parts and workmanship are guaranteed for 10 years from the date of manufacture. In case of problems, return the scale to ASI for repair or replacement.
